EDUCATION

Kalinga Institute of Industrial Technology
Bachelor of Technology in Computer Science — CGPA: 9.86

Bhubaneswar, Odisha
Jul 2023 – Jul 2027

SKILLS

Languages: Java, JavaScript, Python, SQL, C

Development: Node.js, Express.js, Flask, REST APIs; React.js, HTML, CSS, Tailwind, Bootstrap

Databases & Tools: MongoDB, MySQL, SQLite; Git, GitHub, VS Code, Render

PROJECTS

- GitTrack – Code Repository Platform**  *React.js, Node.js/Express, MongoDB*
- Built a full-stack repository platform supporting **50+ repositories** and **200+ commits**.
 - Implemented **10+ REST APIs** and optimized queries for efficient repository and commit management.
- HireOrbit – Placement Portal**  *React.js, Node.js, Express.js, MongoDB, Tailwind CSS*
- Engineered a MERN-based placement portal with **role-based access control for 3 user roles** and built **3 dedicated dashboards** for Students, Companies, and Admins to streamline campus recruitment workflows.
 - Designed and integrated **6+ MongoDB schemas** and **10+ REST API endpoints** for authentication, job postings, applications, applicant management, and approval tracking.
 - Implemented an end-to-end hiring pipeline covering **job posting, application tracking, applicant review, and admin approval workflows**, with a responsive UI built using reusable React and Tailwind components.

PUBLICATION

- Comparison of Classification Techniques for Fake Review Detection** IEEE Xplore 2026
- Co-authored and published an IEEE-indexed research paper in a 3-member team under the guidance of a mentor on Machine Learning approaches for fake review detection.
 - Implemented and compared 3 classification models on review datasets to analyze performance, accuracy, and effectiveness in detecting deceptive reviews.

EXPERIENCE

- Pinnacle Labs — Web Development Intern**
- Built and deployed **2 React-based web applications**, translating functional specifications into reusable component structures and responsive layouts while **ensuring cross-browser compatibility**.
 - Identified and fixed UI rendering and layout issues through debugging and iterative testing, improving overall usability and visual consistency.
- Hacktoberfest '24 — Open-Source Contributor**
- Contributed to **3+ open-source repositories**, enhancing frontend features and optimizing data structures; **5 pull requests merged**.
 - Reviewed pull requests and resolved issues in collaboration with **10+ global contributors**, improving code quality and maintainability.

CERTIFICATIONS

- Diploma in Programming** *Indian Institute of Technology Madras*
- Earned **59 credits** in Programming with coursework in DSA (Python), DBMS, and Java.

ACHIEVEMENTS & AWARDS

- Academic Excellence**
- Secured the KIIT Merit Scholarship** by ranking among the top 0.1% (top 3 of 5,000+ students).
 - Awarded the Pramila Smriti Prize (2022–2023)** for distinguished academic and extracurricular performance among 200+ peers.
- Hackathons & Competitions**
- Ranked in the top 45 of 200+ teams** in the Smart India Hackathon 2024 by contributing innovative technical solutions.
 - Led a 4-member team** to Finalist position at ICDCIT Hackathon 2025, selected from 300+ teams.
